

ClearVision® Series 164T

LowProfile™

PATENT PENDING

narrow ticket molding

- a. the Series 164T features a narrower overall profile
- a. hidden clip holds additional feature signage
- b. open clear front window to insert plain paper tickets

Unique solution for tighter allocations.

The **ClearVision® Series 164T** holds standard 1.25”H tickets with a lower profile suitable for applications where the allocation distance between shelves is critical. Ideal for areas such as spice racks, cosmetic departments, small electronics, etc.

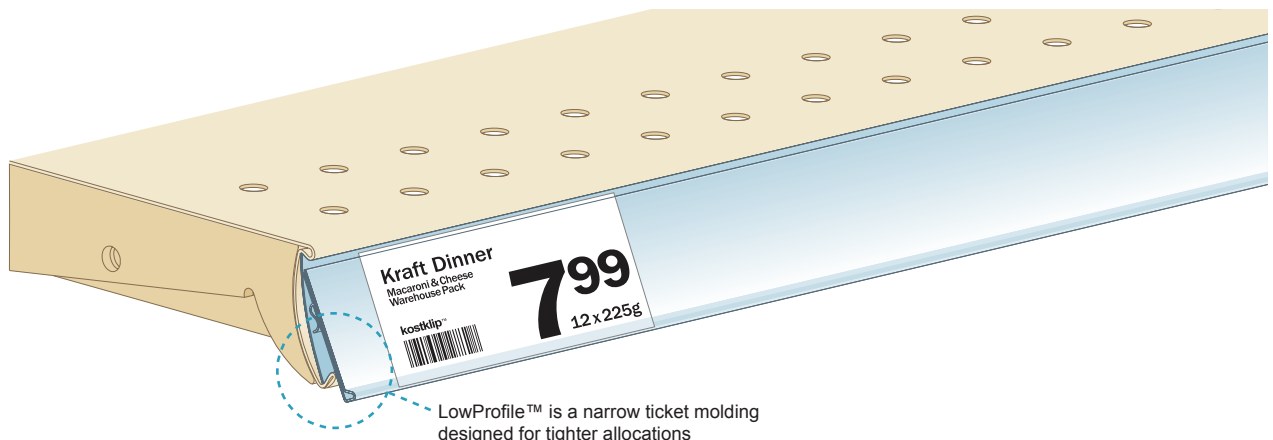

Features

- A low profile providing maximum ticket visibility with a minimum of shelf allocation intrusion
- A hidden clip to hold additional information
- Clips into standard open or aluminum C-channel

ClearVision® non-adhesive ticket molding advantages:

- Replace expensive adhesive labels with plain paper
- Clear window effectively displays, protects and holds 1.25”H price labels securely in position
- Manufactured with the highest available level of UV protection to minimize premature yellowing and aging of PVC plastics
